Folks -

This morning Emily sent me two "new" SCRs that need our review and votes. The first SCR for us to consider is the revised CCB-202. The DDWG has addressed our previously reported concerns and would like us to reconsider the change request. The second issue (242) is new and was passed by the DDWG without dissent. Both SCRs are good candidates for e-votes. However, if a telecon is needed for discussion of one or more of these items, please make that request to me by 10 am PST Monday, Feb 4 so I can send out the announcement and arrange a Tuesday telecon/WebEx line. E-votes are due by 10 am PST, Tuesday Feb 5.

-- [CCB-202](#) - Amend the Instrument Class Context Product

-- [CCB-242](#) - Add 'Field Campaign' to Investigation Type to accommodate planetary analog field studies (L.Neckrase)

-- 20190131: DDWG vote item:

-- Item Passed: 10 Yes.

Folks -

Emily sent me one more SCR that needs our review. This one passed the DDWG without dissent so it is another good candidate for an e-vote. I'd appreciate it if any requests to discuss this one could be made by Monday morning so it could be included on Tuesday if necessary. If note, your e-votes are due by Wednesday, Feb 6 and 10am PST.

Thanks,

-Steve-

[CCB-235](#) - Add data type ASCII_BibCode for use in data tables and local dictionary attribute definitions.
