Hi CCB,

Got notification late today that we have 2 items that are ready for a vote: one is a bug fix and the other one has implications for MAVEN (hence the quick turn around for V 1.4.0.0. The bug fix is the standard list for the finalization of the Build.

Please review and send me Votes by Tuesday (3/17) by noon. Comments - post to JIRA as usual.

Thanks.

-Lynn
