Folks -

This afternoon Emily sent me two new SCRs that need our votes. As you can see from the vote tally's below, these are not particularly controversial changes and an e-vote should be sufficient. However, if a telecon is needed for discussion of one or more of these items, please make that request to me by Mon, Apr 29 so I can send out the announcement and arrange a telecon/WebEx line. Votes are due by 10 am PDT, Wed, May 1.

[CCB-254](#): Add Enumerated Value to Target_Identification.type for Gravitational Waves. (R.Simpson)

-- 20190425: DDWG vote item: 9 yes, 1 no

[CCB-249](#): Schematron Rule Elements - Assert and Report. (S.Hughes)

-- 20190425: DDWG vote item: 9 yes, 1 not present

Thanks,

-Steve-
