Hi All,

Steve Joy is on vacation.

Here's the correct link for CCB-207 for your review: <https://pds-jira.jpl.nasa.gov/browse/CCB-207>

Thanks, Emily

**Subject:** Re: PDS CCB: Two new SCRs ready for review

I'm not sure what happened; but Steve's link to CCB-207 (and the title he gives) are actually for CCB-229, which was covered in a separate e-mail to the CCB. The subject of CCB-207 is a proposed change to the formation rules for author and editor lists.

**Subject:** PDS CCB: Two new SCRs ready for review

Folks -

Two new SCRs were forwarded to us for review by the DDWG by way of Emily. Both of these passed the DDWG with on one no vote on 207 so they are likely good candidates for an e-vote. However, as always, anyone is free to ask for a telecon to discuss one or more of these issues. The SCRs for our consideration are:

[CCB-207](#) Spurious Local\_Internal\_Reference in Array objects

[CCB-233](#) Need the capability to "associate" Browse products to other types of products

SCR-233 has been updated per our instructions so hopefully it will be less controversial this time. Votes are due by 10 am PDT, Wed. Aug 15th.

-Steve-
