Hi CCB and Interested Parties,

We have one SCR up for consideration this week as a Consent Item (minor issue/bug-fix). We are opening it up for review, to be closed next Tuesday (9/22). As always, please review and post comments via JIRA. If anyone finds a major issue with this before then, we'll pull it back for revision and full vote. If no issues are found, we'll push it through to implementation after Tuesday.

Thank you all for your continued support and interest.

-Lynn
