Dear all –

One SCR is ready for our review. Please post comments to JIRA.

Consent item

- [CCB-169](#) Approve Standards Reference version 1.7.0

Please note that the document has gone through the document review team already for a full review. The CCB should not be looking to do a full review/comment cycle. The purpose of sending the pre-release version through the CCB is to ensure consistency with the applied Build 7a SCRs and to show traceability for their implementation in the document.

Deadline for comments by CCB members is Tuesday, 18 October, 17:00 UTC.
