Folks -

Emily has sent us one more SCR to consider. This item may require discussion since 2 nodes voted NO in the DDWG. Lets look at it close enough to decide if we need to meet fairly quickly, say by 1pm PDT on Monday 10/26. If a telecon discussion is required, we will hold it on Tuesday, Oct 27 at our normal meeting time (08:30 PDT). Otherwise, e-votes are due by end of day Wednesday, 10/28.

Folks -

Emily has sent us two more SCRs to consider. The first item (304) is a fairly significant change to the IM but it passed the DDWG vote without dissent so I think that an e-vote is appropriate. The second item (313) is just a typo correction in the standards document and I would suggest just a consent/no consent if this was given to us as a single item. As it is, I don't see much of a difference between a yes vote and a consent so lets go yes/no on both. Please send me you votes by 10 am Tuesday Oct 27. As always, anyone is free to request a telecon to discuss this change request. If a telecon is requested, we will hold it on Tuesday, Oct 27 at our normal meeting time (08:30 PDT).

-Steve-

The following 2 SCRs are ready for CCB to review/vote:

[CCB-304](#) – Cleanup unused Vector classes in IM before 2.0.0.0 - passed by DDWG: 9 Yes; 1 not present

[CCB-313](#) – Definition of <external_source_product_identifier> refers to non-existent documentation - passed by DDWG: 8 Yes; 1 abstain; 1 not present
